Dear Pak Solil & Bu Deililla,

Below are the names who will be submit to OSP and CCC (Petronas) registration :

1. Alfonsus Liquori
2. Ari Cahyadi

Due to these two names are currently still at Medco Matak and will be return estimate is April 2,

So we can arrange for additional MCU with AME certificates after April 3.
Please advise whether this is still in line with the specified timeline. Thank You.

Dear Mbak Bina,

Kindly help for the CV of both.

Hello team,

To get the OSP and CCC below document required

- TBOSIET
- Valid MCU with AME003 certificate
- CV
- PTW certificate

@Ahmad Saputra please add if I miss any required document.

How many personnel need to be sent for the inspection? We will request client on sending personnel once we get the OSP and CCC and schedule date. But I would need it by Mid April.

Thanks and regards,

Hi Pak Elicohen,

This can be communicated since the first request which is 2 weeks ago, that Inspektindo would need some assistance from SLB side for their personnel to go to Petronas Rig, therefore we do not waste each other time. What I received was : we have to check, or we do not have team that meet the requirement without any explanation whether Inspektindo is able to do the work or give any solution.

@MD Solil Parvez, can you please send detail requirement for Inspektindo personnel to go to Petronas Rig? And your expected time for them to be there?

Now, for us not to waste each other time, when Parvez give the details, please either give solution or decide if Inspektindo can fulfill this inspection.

Thank you and Best Regards,
Deililla

Dear Bu @Deililla Deililla

Sorry to jump in bu,

We're deeply appologize for the inconvinience.

I just want to explain the detail about this querry

1. We need assisted from SLB to inform us personnel requirement for Petronas Rig. Due to every client site has different requirement such as MCU / HSE Passport, other special requirement
2. After we received the requirement, we can assigned our team that comply to the standard alongside with the document for reviewed purposes
3. Ussualy, team SLB will coordinate with client (Petronas) regards review MCU and others.
4. After Clients (Petronas) give us green light or approval, then our team can mobilize to the rig

Also kindly needs PIC phone number so we can discussed it more details

Best Regards,
Cohen

Hi Pak Achmad,

I am wondering, was my query is too difficult to follow up?

I requested inspectors since March, 7th, and until today, the response is either slow or no solution. No one has able to tell me if Inspektindo can do this job or not, and it has been 2 weeks since the first I asked.

If Inspektindo does not have capability to do it, please let us know ASAP, therefore we can have other solution, but not following up a query is not a solution for both of us and this is actually alarming in my perspective of how Inspektindo deliver their services.

I am looping [@Mike George](#), [@Lidya Agustina](#).

Hi

To go to petronas rig , person requires OSP and CCC issued from petronas. Please share with us if there personnel available with OSP and CCC then only we will request client for the inspection. No prior communication to be made before we inform the client. Currently rig is preparing for testing and will soon start movement to new location. Please let us know if you have any person with OSP and CCC.
